FUNDRAISING ACCOUNTS AND DONATION PAGES

What is a Fundraising Account?

A Fundraising Account is one where you already have a website that you intend on keeping, and you just want to add the ability to take credit card donations online.

How It Works:

Set up an account online with Donor Town Square for no charge. Link to it from your website using one of our suggested icons or a donation landing page of your own creation. Donors click on that icon and then are sent to a secure donation page where they can contribute to your organization.

How do I get my donations?

Donor Town Square charges a transaction fee for each donation made through your page. Every Monday, Donor Town Square sends a check to all accounts for the sum of their donations in the last week minus the transaction fees. A check is only sent if the donations total $25 or more, otherwise the balance is carried over.

DONOR TOWN SQUARE can also accommodate all your website hosting needs! We have inexpensive solutions that allow you to manage all your content online, send email newsletters to your supporters, and more! Contact our sales team for more information and pricing. sales@donortownsquare.com
